Campuses

The University has six campuses in Southampton, one in Winchester and one in Malaysia, each with its own distinct character and community.

OnCampus Southampton is located a short walk from the city centre and the University's Highfield Campus.

Boldrewood Innovation Campus

Winchester School of Art (WSA)

Highfield Campus

Avenue Campus

Waterfront Campus

University Hospital Southampton (UHS)

City Centre Campus

OnCampus Southampton
OnCampus students are taught alongside University of Southampton students in the Sir James Matthews (SJM) building. Located on Guildhall Square in the heart of the city's cultural centre, students can enjoy excellent and varied local amenities such as cafes, restaurants and shops along with attractive green spaces to socialise and unwind in after class.

Boldrewood Innovation Campus

Boldrewood is located a five minute walk from Highfield Campus and is home to Southampton Business School, along with our engineering and maritime engineering courses. Here you'll find a number of world-class testing and research laboratories, including a 138m towing tank, the £48m UKCRC National Infrastructure Laboratory (NIL), our Jaguar Land Rover driving simulator and our Boeing flight simulators.

The brand-new Business School features flexible boardrooms enabling global collaboration, private meeting pods and social break-out spaces. It's also home to the Business School's bespoke CEPAR (Careers, Employability, Placements and Alumni Relations) team.

Avenue Campus

Another five minute walk from Highfield and on the edge of the Southampton Common, beautiful and historic Avenue Campus is a hub for most humanities subjects. Avenue Campus has a range of innovative and contemporary facilities that allow students to study and research through cutting edge technology, like virtual reality, 3D scanners and printers and a 360 degree fully immersive audio-visual centre. Avenue is also home to a state-of-the-art £3m Archaeology building, lecture theatres and the Avenue Café.

Waterfront Campus

Located on Southampton's waterfront at the National Oceanography Centre Southampton (NOCS), this campus is close to the city centre and is just a short bus ride away from the Highfield Campus.

NOCS hosts one of the world's largest groups of scientists and engineers devoted to research, teaching and technology development in ocean and earth science. The campus is comprehensively equipped with an extensive array of instrumentation and laboratory facilities, including the Coral Reef Laboratory, research aquarium, and research vessel R.V. Callista.

Highfield Campus

Highfield is the largest campus of the University, home to both historic buildings and cutting-edge research and teaching facilities – it is the academic heart of the University. Highfield has seen recent investment in the Centenary Building, which houses an 80-seat Harvard lecture theatre, private pod study spaces, and bookable seminar rooms. Highfield is a hub of activity including social events, sports facilities, the Students' Union and plenty of beautiful green spaces. This makes it the perfect place to study, relax, and socialise with new friends as the space has shops, bars, a cinema and gym – all in one place.

University Hospital Southampton (UHS)

Located in the north-west of the city, the hospital has good transport links to the city centre and Highfield Campus. Medicine students have the majority of their classes in the South Academic Block. This is where you'll find: the Health Services Library, clinical skills rooms, Centre for Learning Anatomical Science (CLAS), lecture theatres and research labs, a Major Trauma Centre (MTC), and the Centre for Cancer Immunology (CCI).

Winchester School of Art

Located in the centre of the historic city of Winchester, nestled in green parkland, WSA is a vibrant hub for students in fine art, games design, fashion and textile design, fashion marketing, creative computing and graphic communication.

With creative ambition at its core, WSA supports students with cutting-edge resources including specialist computer suites, photography studios, laser cutting, 3D printing, industrial sewing and knitting machines, screen printing and more. The campus is just a 20 minute train journey to Southampton and there are regular bus services between Winchester and Southampton.

"I would highly recommend OnCampus Southampton to international students because it just gives you the perfect experience. It's not only about the academic experience that you receive, it's also about feeling at home while you're studying abroad."

OnCampus gives you...

Outstanding teaching and support

Through every step of your journey with us, you will be supported by highly qualified teachers and support staff, both inside and outside the classroom.

Your personal tutor will meet with you regularly to ensure you are on track to pass the programme and progress to your chosen degree.

Your personal tutor is also there to help you with any issues you might have inside or outside the classroom.

A proven track record of success

OnCampus is part of Cambridge Education Group, one of the UK's leading university pathway providers since 1952.

Cambridge Education Group was the first

private institution to offer university foundation programmes in the UK in 1985, and successfully prepares thousands of students for the UK's top universities every year.

Part of the University from day one

The OnCampus centre is located at the heart of the University.

You will receive a University student card, and with it you will

have access to all the University's facilities, clubs and societies while you study your OnCampus programme.

You will meet your course leader at the University before you start your degree, and have the opportunity to try out some of the excellent facilities.
